# The American Economic Association 2019 Awards Recipients

## *John Bates Clark Medal*

One of the most prestigious and eagerly anticipated AEA awards, the John Bates Clark Medal is awarded annually each April (formerly biennially from 1947–2009) to that American economist under the age of forty who is judged to have made the most significant contribution to economic thought and knowledge. If there is a significant body of joint work, the Clark Medal may be awarded jointly to two recipients. Established as an American prize, it is sufficient that the candidate works in the US at the time of the award and US citizenship is not required.

**EMI NAKAMURA**  
University of California, Berkeley

## *Distinguished Fellows*

The recognition of Distinguished Fellows began in 1965. Past presidents of the Association are Distinguished Fellows. Additional Distinguished Fellows may be elected, but not more than four in any one calendar year from economists of high distinction in the United States and Canada.
